

2019 CAPABILITY STATEMENT

24/7 DISPATCH (877) 711-3846

Injury Care Emergency Medical Services, P.C. is the trusted source for air medical transportation, emergency medical personnel, equipment and expertise. Hospitals, LTACS, SNFs and government agencies rely on us to safely and proficiently move patients.

SERVICES

- Fixed Wing Air Ambulance
- Critical Care ground and Air Transport
- ALS and BLS Transport
- Wheelchair and Gurney Transport
- Stand-by Emergency Medical Care
- Wait and Return

We transport critical care patients, patients needing cardiac and spinal surgery, and transplant teams.

PAST PERFORMANCES

Urgent and emergent inter-facility air medical transfers for Veterans Administration Medical Centers. Injury Care EMS is the first choice for air transportation from the Boise VA.

Provides urgent and emergent inter-facility ground ambulance transportation for:

- St. Alphonsus Regional Medical Centers
- St. Lukes Medical Centers
- Air St. Lukes
- West Valley Medical Center
- One Call Medical, Air Ambulance
- Life Flight Network
- Boise VA Medical Center

Provides ambulance equipment & crew, 911-type response, or single resources for federally managed wildland fires: Since 2012, we have provided more EMS resources to the federal government than any other private agency.

AREA OF OPERATION

Based in Boise, Idaho, we can provide air medical transportation for the western U.S. We provide ground transportation and stand-by EMS for the northwestern and Rocky Mountain states.
